

RATE SCHEDULE "90"

COMPRESSED NATURAL GAS VEHICLE FILLING SERVICE

INTENT

In the best interest of prompting energy supplies of natural gas as an alternative to imported crude and petroleum products, Gibson County Utility District has developed a CNG vehicle filling service rate based upon the most economically attractive existing rate designs available to the District. The Compressed natural Gas (CNG) rate is being used as an economic development incentive to promote the use of abundant, clean-burning, domestically produced natural gas by our customers and to promote the development of infrastructure for CNG vehicles.

DEFINITIONS

"CNG" means compressed natural gas being used solely for the fueling of EPA approved commercial or personal vehicles utilizing natural gas as a fuel source.

"Customer" means a person or entity contracting with or otherwise receiving services from Gibson County Utility District for CNG gas service under Rate Schedule "90".

"Firm Gas" means that gas not subject to interruption or curtailment except for emergency or other causes as provided in the Rules and Regulations of Gibson County Utility District.

"gge" means gallon of gas equivalent and for purposes of this rate schedule shall mean the current cost per therm of natural gas multiplied by a factor of 1.2667.

AVAILABILITY

Service under Rate Schedule "90" is available to any commercial, industrial or residential customer provided:

1. The vehicle being fueled is licensed for use on public highways
 - a. The customer must be able to pay by credit or debit card, fuel card or GCUD Private Pay Card.
 - b. The customer understands the Gibson County Energy Complex is an un-manned facility, opened 24 hours a day.
 - c. The Customer is using natural gas supplied under Schedule "90" exclusively for the use of fueling either commercial or personal vehicles.

In the event Customer shall fail to continue to meet conditions a) through c) at any time, service under Rate Schedule "90" shall no longer be available to that customer and the customer shall be reclassified to the appropriate rate schedule or service can be subject to termination.

CHARACTER OF SERVICE

Service under Rate Schedule "90" is designed for any and all applications of CNG vehicle filling including, but not limited to:

- Commercial fleet vehicle filling
